SUPPLEMENTARY INFORMATION: Section 122(a)(2) of the Act requires that adjustments in the amounts of State allotments shall be made not more often than annually and that States must be notified no less than six months before the beginning of the fiscal year in which such adjustment is to take effect. In relation to the State Developmental Disabilities Council allotments, the descriptions of service needs were reviewed in the State plans and are consistent with the results obtained from the data elements and projected formula amounts for each State (Section 122(a)(5)). In addition, Section 142(a) of the Act makes the allotment and reallocation structure in Section 122 applicable to grants to States for Protection and Advocacy Systems.

ADD has updated the following data elements for issuance of FY 2011 allotments for both of the Developmental Disabilities formula grant programs.
